\* There are 1600 meters in a mile and high schools race 1500 meters in the spring.

There are International Orange triangular shapes painted on the east sea wall from the bow of the Boyer to the upstream corner of Navy Bistro and on the west wall from just downstream of the power lines to the MLK Bridge. They mark 100 meter intervals: on the east wall to indicate the final 500 meters to the ramps at Tango's and on the west wall to indicate the final 600 meters to the MLK Bridge.
